Litigations with R.P.R. Government.

25X1A While I was away, a registered airmail letter addressed to me arrived. It had been mailed in [REDACTED] and contained a summons to [REDACTED] "The People's Court of the I.V. Stalin raion. Region of Bucarest" as defendant in a civil law suit brought by the Rumanian State, through the Ministry of Finance, [REDACTED]

25X1A

I attach herewith translations of :

1. The summons.

2. The delegation given by the Ministry of Finance of the R.P.R. to the Chief of its legal office, to represent that Department in court.

3. The suit.

There is no doubt that the purpose of this suit is to obtain a civil law decision by a R.P.R. Tribunal, which would be the basis for a new lawsuit in Switzerland.
